EDUCATION

B.Tech. Civil Engineering

National Institute of Technology Jamshedpur

Jharkhand, India

July 2018 - June 2022

JAC Sr. Secondary School (PCM + Computer Science)

Govt Girls +2 High School, Bariatu, Ranchi

Ranchi, India

Oct 2016 - May 2018

Matriculation

+2 Model School Birni, palaunjia

Birni, Giridih, Jharkhand

may 2015 - april 2016

SKILLS SUMMARY

- **Languages:** Java, JavaScript, C++, SQL, TypeScript, HTML, CSS, DOM, Python
- **Technologies/Frameworks:** Spring, Spring Boot, Hibernate, Express.js, Node.js, Bootstrap
- **Libraries:** React, Bcrypt, JSONWebToken, NodeMailer, Sequelize, Mongoose
- **Tools:** Git, GitHub, Jenkins CI/CD, AWS Cloud, Postman
- **Databases:** MySQL, PostgreSQL, MongoDB
- **Platforms:** Linux, Windows, Parrot OS
- **IDEs:** Eclipse, Visual Studio, IntelliJ IDEA, Android Studio
- **API Testing:** Postman
- **Soft Skills:** Leadership & Team Collaboration, Creative Problem Solving, Analytical Thinking, Communication & Mentoring, Time Management, Adaptability & Learning, Fast Learning & Quick Learner

WORK EXPERIENCE

GBTECH SERVICE | MERN Stack/Full Stack Developer

Dec 2023 - Present | Kolkata, India

Projects and Contributions:

- **NexCaliber Portal (Admin & Member Portal, NexCaliber Web)**
 - Developed and integrated report generation features in the backend.
 - Designed UI for reports in the admin portal.
 - Implemented APIs and integrated multiple features across the system.
 - Problem-solved and implemented data masking features for compliance.
 - Led bug-fixing efforts, improving system performance and stability.
- **NexCal Enrollment Microsite, IDR NexCaliber Portal**
 - Implemented an advanced PDF viewer with interactive tools.
 - Engineered filters with union/intersection logic, optimizing data retrieval and user experience. Applied analytical thinking to solve complex challenges.
- **ENTIRA Clinic Frontend**
 - Contributed to UI development and added new features.

PROJECTS

• Group Chat App

- Developed a real-time group chat application with user authentication and admin controls. :
- Implemented WebSocket for real-time communication and AWS S3 for multimedia storage. :
- Deployed using AWS EC2, RDS, NGINX, and Jenkins for CI/CD.:
- MongoDB used for storing data :

Tech: Node.js (Express.js), WebSocket, MySQL, AWS S3, Sequelize, NGINX, Jenkins:

• Expense Tracker App

- Built an expense tracking application with authentication and premium features.:

- Integrated Razorpay API for premium subscriptions and leaderboard functionality.:
- Implemented MongoDB as the database with Mongoose for object modeling.:
- MongoDB used for storing data :

Tech: Node.js (Express.js), MongoDB, Mongoose, Razorpay API, Bootstrap:

- **Shirt Shop Order App**

- Developed an interactive UI for a shirt ordering system using React.:
- Utilized Context API for state management and multiple React hooks for functionality.:

Tech: React, CSS, HTML:

- **Registration Form**

- Designed and developed a complete backend for a Registration form as an example :
- Hibernate framework is used for easily storing data of objects into database and for storing data ,MySQL Database is used :
- BootStrap is used for UI inside jsp and servlet is used at backend for getting data from client and storing it into MySQL database table :

Tech: Java(Jsp ,Servlet),Hibernate, Bootstrap, MySql:

- **REST API**

- Developed a Rest Api for a basic model :
- Spring Boot is used to create rest api :
- Spring data jpa used for crud operation :
- MySql used for storing data :

Tech: Spring Boot,Spring data Jpa, MySql:

- **JDBC CRUD Project :**

- This project is CRUD operation using jdbc and MySQL Database :
- it has first static input and stored in jdbc and also dynamic input to create table :

Tech: Java,JDBC,MySql

AWARDS AND ACHIEVEMENTS

- JCECEB-Secured 4th generalrank
- Jee Advanced qualified in first Attempt
- State rank 2 (prelims) and 5 (mains) respectively in Akanksha 40 Jharkhand Fellowship Exam 2016.
- Solved around 900 DSA Problems
- Backend Certified Sharpner Tech

HOBBIES

- chess in indoor game
- football in outdoor game
- Watching Science fiction /adventures movies
- writing poem ,shayri and quote
